## Self-Assessment Checklist for SMEs

A structured, business-friendly approach to evaluating your Environmental Management System (EMS) readiness.

 <b>1 COMPANY RELATED INFORMATION</b>			 <b>DOCUMENT / INFORMATION REFERENCE</b>
	YES	NO	
Have we identified internal and external factors that influence our environmental outcomes?	<input type="radio"/>	<input type="radio"/>	
Are these factors reviewed and updated regularly?	<input type="radio"/>	<input type="radio"/>	
Have you determined the interested parties that are relevant to the environmental management system?	<input type="radio"/>	<input type="radio"/>	
Have we defined which stakeholder expectations become legal or compliance obligations?	<input type="radio"/>	<input type="radio"/>	
Is the EMS scope clearly defined based on our operations, risks, and control boundaries?	<input type="radio"/>	<input type="radio"/>	
Has the scope of the EMS been determined taking into account the external and internal issues, compliance obligations, organisational units, functions and physical boundaries, products and services and authority and ability to exercise control and influence?	<input type="radio"/>	<input type="radio"/>	
Have we documented the EMS scope and made it accessible to relevant stakeholders?	<input type="radio"/>	<input type="radio"/>	

<b>1.1 ENVIRONMENTAL MANAGEMENT SYSTEM</b>			
Is our EMS fully implemented, covering all essential processes and interactions? Is it designed for and committed to ongoing improvement?	<input type="radio"/>	<input type="radio"/>	

 <b>2 LEADERSHIP</b>			 <b>DOCUMENT / INFORMATION REFERENCE</b>
	YES	NO	
Is top management accountable for EMS effectiveness and performance?	<input type="radio"/>	<input type="radio"/>	
Are our environmental goals aligned with business strategy and context?	<input type="radio"/>	<input type="radio"/>	
Have EMS requirements been embedded into how we run our business?	<input type="radio"/>	<input type="radio"/>	
Are sufficient resources allocated to ensure the EMS works?	<input type="radio"/>	<input type="radio"/>	
Is leadership actively encouraging and supporting employees to make EMS successful?	<input type="radio"/>	<input type="radio"/>	
Does management foster a culture of continual improvement?	<input type="radio"/>	<input type="radio"/>	

<b>2.1 ENVIRONMENTAL POLICY</b>			
Do we have an environmental policy that is established, implemented, and actively used?	<input type="radio"/>	<input type="radio"/>	
Is our policy relevant to our business, and does it guide our environmental goals?	<input type="radio"/>	<input type="radio"/>	
Does it commit us to environmental protection, pollution prevention, and legal compliance?	<input type="radio"/>	<input type="radio"/>	
Does it clearly support continuous improvement?	<input type="radio"/>	<input type="radio"/>	
Is it documented, accessible, and effectively communicated?	<input type="radio"/>	<input type="radio"/>	
Is the environmental policy maintained as documented information, communicated within the organisation and available to interested parties upon request?	<input type="radio"/>	<input type="radio"/>	
<b>2.2 ORGANISATIONAL ROLES, RESPONSIBILITIES AND AUTHORITIES</b>			
Are roles and responsibilities for EMS clearly defined and communicated?	<input type="radio"/>	<input type="radio"/>	
Has leadership assigned accountability for EMS compliance and reporting?	<input type="radio"/>	<input type="radio"/>	
Is there clarity on who tracks and reports our environmental performance?	<input type="radio"/>	<input type="radio"/>	

### 3 PLANNING & 6.1 ACTIONS TO ADDRESS RISKS AND OPPORTUNITIES

YES

NO

DOCUMENT / INFORMATION  
REFERENCE

Have risks and opportunities related to environmental aspects and compliance been identified?

☐☐

Are these risks documented and regularly reviewed?

☐☐

Have the processes needed been documented so there is confidence that they are carried out?

☐☐

Have abnormal or emergency situations been considered in your planning?

☐☐

When determining the above environmental aspects, has the organisation taken into account:

- Change, including planned or new developments, and new or modified activities, products and services;
- Abnormal conditions and reasonably foreseeable emergency situations?

☐☐

Has the organisation determined those aspects which can have a significant environmental impact by using established criteria? Are the criteria used and the aspects deemed to be significant, documented?

☐☐

Has the organisation communicated its significant environmental aspects among the various functions and levels of the organisation?	<input type="radio"/>	<input type="radio"/>	
Has the organisation determined and have access to compliance obligations related to its environmental aspects?	<input type="radio"/>	<input type="radio"/>	
Has the organisation determined how these apply to its activities, products or services?	<input type="radio"/>	<input type="radio"/>	
Has the organisation taken these compliance obligations into account when establishing implementing, maintaining and continually improving its EMS?	<input type="radio"/>	<input type="radio"/>	
Has the organisation maintained documented information of its compliance obligations?	<input type="radio"/>	<input type="radio"/>	
<p>Has the organisation planned:</p> <ul style="list-style-type: none"> <li>To take action to address its significant environmental aspects, compliance obligations and risks and opportunities? How to integrate and implement actions into its EMS processes and evaluate the effectiveness of the action taken?</li> </ul>	<input type="radio"/>	<input type="radio"/>	

<b>3.1 ENVIRONMENTAL OBJECTIVES &amp; PLANNING TO ACHIEVE THEM</b>			
Are measurable environmental objectives set at relevant levels?	<input type="radio"/>	<input type="radio"/>	
Do these objectives consider significant aspects, compliance needs, and business risks?	<input type="radio"/>	<input type="radio"/>	
Are they aligned with your strategy and context?	<input type="radio"/>	<input type="radio"/>	
Are they monitored, updated, and documented?	<input type="radio"/>	<input type="radio"/>	
Has the organisation maintained documented information on its objectives?	<input type="radio"/>	<input type="radio"/>	
To achieve its environmental objectives, has the organization determined what will be done, what resources will be required, who will be responsible, when it will be completed and how the results will be evaluated?	<input type="radio"/>	<input type="radio"/>	

 <b>4 SUPPORT</b>			 <b>DOCUMENT / INFORMATION REFERENCE</b>
	<b>YES</b>	<b>NO</b>	
Are all relevant personnel competent through education, training, or experience?	<input type="radio"/>	<input type="radio"/>	
Are training needs identified and addressed?	<input type="radio"/>	<input type="radio"/>	

Is competence documented?	<input type="radio"/>	<input type="radio"/>	
Does the organisation retain documented information as evidence of competence?	<input type="radio"/>	<input type="radio"/>	
Are personnel aware of the environmental policy, the significant environmental aspects and impacts associated with their work?	<input type="radio"/>	<input type="radio"/>	
Are personnel aware of their contribution to the effectiveness of the environmental management system, including benefits of enhanced environmental performance?	<input type="radio"/>	<input type="radio"/>	
Are personnel aware of the implications of not conforming to the EMS requirements including not fulfilling the organisation's compliance obligations?	<input type="radio"/>	<input type="radio"/>	
Has the organization established, implemented process(es) for internal and external communications relevant to the EMS?	<input type="radio"/>	<input type="radio"/>	
Does the communication process include what to communicate, when to communicate, with whom to communicate and how to communicate?	<input type="radio"/>	<input type="radio"/>	
Does the communication process takes into account compliance obligations?	<input type="radio"/>	<input type="radio"/>	
Has the organisation maintained documented information on its communications?	<input type="radio"/>	<input type="radio"/>	
Does the communication process enable employees or externals to contribute to continual improvement?	<input type="radio"/>	<input type="radio"/>	
Does the organization communicate externally information relevant to EMS, as established by its communication process and as required by its compliance obligations?	<input type="radio"/>	<input type="radio"/>	

<b>4.1 DOCUMENTED INFORMATION</b>			
Are procedures in place to create, update, and control EMS documents?	<input type="radio"/>	<input type="radio"/>	
Are essential external documents identified and controlled?	<input type="radio"/>	<input type="radio"/>	

 <b>5. OPERATIONAL PLANNING AND CONTROL</b>			 <b>DOCUMENT / INFORMATION REFERENCE</b>
	YES	NO	
Are operations planned and controlled to meet EMS requirements and goals?	<input type="radio"/>	<input type="radio"/>	
Are changes managed and their impacts assessed?	<input type="radio"/>	<input type="radio"/>	
Are outsourced processes effectively controlled?	<input type="radio"/>	<input type="radio"/>	
Are environmental requirements applied to design, procurement, and contractors?	<input type="radio"/>	<input type="radio"/>	
Are downstream environmental impacts (e.g. transport, disposal) considered?	<input type="radio"/>	<input type="radio"/>	
Is documentation maintained to show that processes are implemented correctly?	<input type="radio"/>	<input type="radio"/>	

Consistent with a life cycle perspective, does the organisation consider the need to provide information about potential significant environmental impacts associated with the transportation or delivery, use, end-of-life treatment and final disposal of its products and services.	<input type="radio"/>	<input type="radio"/>	
Is relevant documented information maintained to the extent necessary to give confidence that the processes have been carried out as planned?	<input type="radio"/>	<input type="radio"/>	

<b>5.1 EMERGENCY PREPAREDNESS AND RESPONSE</b>			
Is there a defined procedure for responding to environmental emergencies?	<input type="radio"/>	<input type="radio"/>	
Are actions taken to reduce impacts from such emergencies? Are stakeholders informed as needed?	<input type="radio"/>	<input type="radio"/>	
Is evidence retained to confirm plans are executed?	<input type="radio"/>	<input type="radio"/>	

 <b>6. MONITORING, MEASUREMENT, ANALYSIS AND EVALUATION</b>			 <b>DOCUMENT / INFORMATION REFERENCE</b>
	YES	NO	
Is environmental performance regularly monitored and analysed?	<input type="radio"/>	<input type="radio"/>	
Are the methods and criteria for measurement clearly defined?	<input type="radio"/>	<input type="radio"/>	
Is the timing for monitoring and analysis established?	<input type="radio"/>	<input type="radio"/>	

Is equipment calibrated and appropriate for use?	<input type="radio"/>	<input type="radio"/>	
Is monitoring data documented?	<input type="radio"/>	<input type="radio"/>	
Are compliance obligations regularly reviewed?	<input type="radio"/>	<input type="radio"/>	
Does the organisation retain documented information as evidence of the monitoring, measurement, analysis and evaluation results?	<input type="radio"/>	<input type="radio"/>	
<b>6.1 INTERNAL AUDIT</b>			
Are internal audits scheduled and conducted impartially?	<input type="radio"/>	<input type="radio"/>	
Is there an audit programme with frequency, methods, and scope defined?	<input type="radio"/>	<input type="radio"/>	
Are findings reported to management?	<input type="radio"/>	<input type="radio"/>	
Is documentation of audits maintained?	<input type="radio"/>	<input type="radio"/>	
Are results of the audits reported to relevant management?	<input type="radio"/>	<input type="radio"/>	
Does the organisation retain documented information as evidence of the implementation of the audit programme and the audit results?	<input type="radio"/>	<input type="radio"/>	

6.2 MANAGEMENT REVIEW			
Are management reviews held at planned intervals and are results of the review retained as documented information as evidence?	<input type="radio"/>	<input type="radio"/>	
Does the review include the following: <ul style="list-style-type: none"> <li>a. External &amp; internal issues that are relevant to the</li> <li>b. organisation's EMS; Needs and expectations of interested</li> <li>c. parties, compliance obligations; Its significant</li> <li>d. environmental aspects; Risks and opportunities;</li> </ul> <ul style="list-style-type: none"> <li>e. Nonconformities and corrective actions;</li> <li>f. Monitoring and measurement;</li> <li>g. Fulfilment of its compliance obligations;</li> <li>h. Audit results; Adequacy of resources; Relevant</li> <li>i. communication from interested parties, including</li> <li>j. complaints; Opportunities for continual improvement;</li> <li>k. Status of actions of previous management review meeting</li> <li>l.</li> </ul>	<input type="radio"/>	<input type="radio"/>	

 7. IMPROVEMENT			 DOCUMENT / INFORMATION REFERENCE
	YES	NO	
Are opportunities for EMS improvement identified and pursued?	<input type="radio"/>	<input type="radio"/>	
Are nonconformities managed and corrected?	<input type="radio"/>	<input type="radio"/>	
Are root causes determined and corrective actions implemented?	<input type="radio"/>	<input type="radio"/>	
Are these actions evaluated for effectiveness?	<input type="radio"/>	<input type="radio"/>	

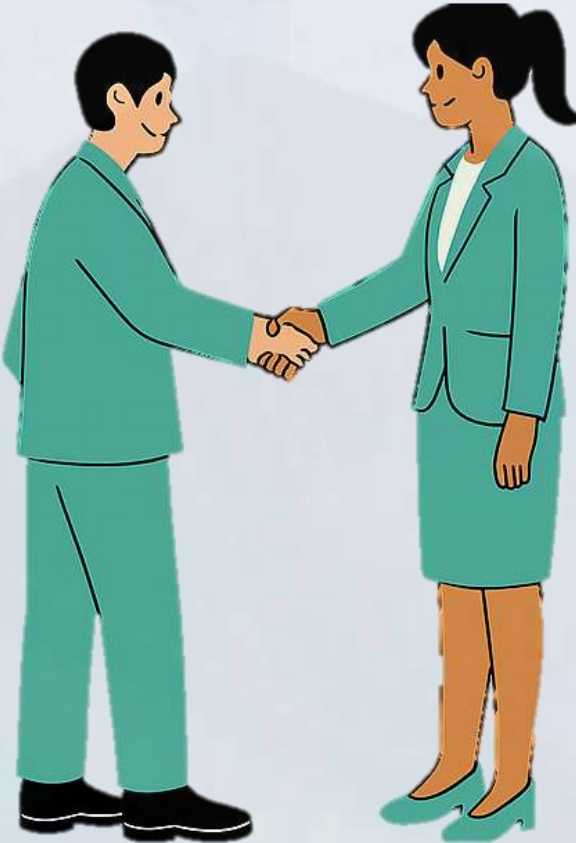

Is everything documented?	<input type="radio"/>	<input type="radio"/>	
Is the EMS continuously improved for effectiveness and performance?	<input type="radio"/>	<input type="radio"/>
